LEVVEL 
Specialisten voor jeugd en gezin

About Levvel >>

We are Levvel—experts in youth and family. We help children, youth and families in difficult situations get back on track, enabling them to face the future with a solid foundation. Levvel offers a wide range of help, from parenting support to highly specialised youth care, complex psychiatric care, TOPGGz and acute help. We offer services for children aged 0 to 23 and their siblings, parents or guardians.

Working with families >>

Before counselling begins, we work with you, your parents, foster parents or guardians to create an action plan that suits you. We listen carefully to your needs and wishes and pay close attention to what you really need. That is at the core of everything we do. We work intensively with your parents, family members and other people in your environment. We also work with other social workers. We look for the best solution together.
